Oh, they do?

They do turn you on?

Too bad.

Peplums, I'm wearing peplums; I'm wearing peplums everywhere. I'm wearing peplums to your birthday party, to your wedding; I'll dance in a peplum at your funeral.

I'm wearing a romper to the next party. And high-waisted shorts. And a sheer dress, sheer everything, and leather! leopard print! hoops the size of saturn's rings, wedge sneakers, overalls, tube tops, the highest heels I can find heels I can't walk in I mean fucking stilts in the shape of shoes and I'm gonna bedazzle all of it goddammit. I'll wear a Colonel Mustard costume

I'll wear khakis and ill-fitting work polos

I'll wear jackets with shoulder pads

I'll cover myself completely

I will envelop every inch of me in the softest fabrics

Really

Yes please tell me about your vision for this play

Really

I'd love to know your vision for this play

Fuck your vision for this play

She's just really tired of your vision for this play.

I mean... it's really none of your business?

It's none of your business

Holy nosy fucking nosy asshole it's none of your fucking business

Just fuck me up with glitter eyeshadow I want to see it when I close my eyes I want to blind men who are following me home I want fifty layers of makeup I want a mask I want you to post me to a subreddit complaining about raccoon-eyed sluts

No ponytails, no baseball caps, no red lipstick, no pixie cuts, no smoky eyes, no floppy hats, no curls, no fake nails, no bows, no bangs, no grey, no blush, no buns, nothing too "edgy," no bedhead and you know none of this even matters right like we all know none of this fucking matters this might be the least important thing we could possibly be talking about

Have you noticed when cis dudes like trends it's still about whether or not they'd fuck you

I'm wearing black lipstick to the next party. I want you scared of it wiping off on you. I want to watch you continuously checking the mirror, terrified of my face staining yours, of the makeup sinking into your skin until you become me. Until you have to live as me.

If it wasn't this it'd be something else

I want you to wonder what my real face looks like I want you to tell me I'd look better without makeup

Go on. Give it a try.

Pause.

Am I sick?

Yes, that's what it is

Yes

I feel sick
